Local, National and Regional Climate Change Programme Symposium
Day 3: Socio-Economic and Next Steps

Join us for a live-streaming webinar on March 15, 2017

All registrants will receive a link to the recording – so please register even if you cannot attend the live event.

The AGEDI Local, National and Regional Climate Change Programme (LNRCCP) was launched in 2013 with the aim of establishing a climate change work programme that could build upon, expand and deepen the understanding of vulnerability to the impacts of climate change in the UAE and the surrounding region, as well as identify practical adaptive responses at the local, national and regional levels. This work is driven by AGEDI’s vision to enhance accessibility to environmental data and information to support effective decision-making. AGEDI has engaged stakeholders throughout the region around five thematic areas: Regional climate change, Environment, Water resources, Coastal zones, and Socio-economic systems.

Register now! https://attendee.gotowebinar.com/register/6812098338322318083

After registering, you will receive a confirmation email containing information about joining the webinar.

View System Requirements

All time in Gulf Standard Time (GMT+4)

The online session starts at 9:00 AM. We recommend you join a few minutes beforehand - to give time to fix any equipment issues.

### SOCIO-ECONOMIC
